## BT587 Bluetooth Audio Adapter

### SPECIFICATIONS:

Output Impedance:	1K Ohm RCA
Power Requirements:	15 VDC, 500 mA; Part number PS27s
Size:	5.5"w x 3.5"d x 1.5"h
Weight:	.8 lbs

To pair a device to the BT587 simply find the BT587 (ROLLSBT) on your device and connect. After the device is connected to the BT587 a steady blue led will light indicating that the BT587 is paired to a device, but no audio is present. A slow blinking blue light indicates that audio is being sent when paired.

When powered off the BT587 will remember the device it was previously paired with. On power up will search for that device and reconnect to it.

To stop a device from being paired so a different device can be paired. The previously paired device must be off, its Bluetooth disconnected from the BT587, our out of range as the BT587 remembers the device it was previously connected to and will continually search for that device until a different device is paired.
